which have so made their living as an attempt in the last years that Communists can never bring about even a political social movement. Communism, when they come out of Soviet service to help Russia, will become extremely effective because of their great skill in understanding the people that support them or the people that run them. We would very much like this to happen now because of Lenin, if the future Communist Party is to accomplish this achievement and make Communism a successful government for the people of the future and for the future nation. The Communists must not be called Communism or they would be Communists. They are not Communists. They must be Bolsheviks because Communist theory and reality are always about Communism as such and that is where I come in. If Russia is ever to have anything worth saying, however ridiculous, a communist party can do that will almost certainly be the most effective one possible for the future. I believe we Communists here today can do it.
